INDIANA CHOICE SCHOLARSHIP TUITION INFORMATION

Can a participating school charge tuition and fees in addition to what is covered by the Choice Scholarship?

Yes. The parent/guardian is responsible for any tuition and fees that the participating school charges beyond the Choice Scholarship amount. A parent/guardian should carefully read any agreement they sign with the school. The school's policies may include language requiring payment regardless of whether a Choice Scholarship is awarded. A Choice Scholarship School should not charge Choice Scholarship Students additional fees and costs that are not routinely charged to non-Choice eligible students.

Will we receive additional funding if our student receives special education services?

The parent or guardian of an eligible special education student will designate either the Choice School or the public school corporation as the special education service provider. If a parent or guardian selects the Choice School as the service provider, the Choice School will be eligible to receive the state special education funding allocated for that student. This funding is to be used to provide special education services for the eligible student. For more information on the Choice Scholarship Program and special education, please review the Choice Scholarship and Special Education Services FAQ available on the Choice Scholarship Program website www.doe.in.gov/choice.

Is there a limit of Choice Scholarship awards each school year?

No, there is no limit to the number of scholarships that can be awarded each year.
